

## Breast Cancer Now

### Chair of Finance and Investment

We're Breast Cancer Now, the UK's largest breast cancer charity – and we're dedicated to funding research into this devastating disease. We believe that if we all act now, by 2050, everyone who develops breast cancer will live.

#### The role

We are looking for a Trustee, to be Chair of the Finance and Investment Committee, and to join our Board. As well as the collective responsibilities of all trustees, you will oversee the strategic financial management and business strategy of the charity, leading the finance and investment committees, and liaising with the Chief Executive and Executive Directors, particularly the Director of Finance and Corporate Services, the finance team and the charity's independent auditor.

#### About you

You will have a strong track record of success achieved through leading growth and positive change in respected organisations. You will probably be a CCAB qualified accountant, ideally from a commercial, charitable, public sector or professional background.

You will be a team player with an innovative and entrepreneurial approach together with an engaging style and strong commercial acumen.

While this is a voluntary position expenses incurred in the course of your work for Breast Cancer Now will be reimbursed.

#### Interested enough to want to know more?
